**Remote Latches for 1928-34 Coupes and Roadsters**

On Wescott's Roadster bodies with a remote rumble or trunk latch, we use a 1932 3-Window rumble latch (B-527102) and an adjustable striker (B-52500-RR) on the deck lid. These can be used on most 1928-34 Roadsters and Coupes. When used as a rumble latch the spacer adaptor (B-527103) is welded to the upper drip channel or reinforcing. Trunk lid use requires a lower drip channel with modifications molded in. Some modifications may be needed to the lower drip channel when installing.
