

1926-27 Body Repair Parts

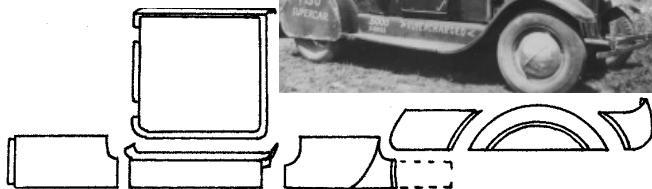

Recessed Firewall, Fiberglass

A 3-piece unit. The outer firewall mounts to the body and has a reverse flange for the recess opening. An adaptor ring and a back firewall/floorboard section mount to this. The recess can be adjusted from 2" to 6" by trimming flanges on the outer firewall and the back firewall during installation.

Made with Fire-retardant resin.

Body Wood Kits

Wood kits are manufactured from hardwood, usually oak. Top wood kits include the wood above top of the doors, including the windshield & door header wood, when used. The body wood kits include the door post, window surround, and any other body wood below the top of the doors. Body wood kits do not include door, floor, or seat wood.

TWD-1240	Top wood, 1926-27 Coupe	350.00	set
