

1932 Passenger Body Parts

1932 Firewall, inserts into body as original

Original design where the body clamps over the firewall. Uses original style rubber seal. Front lip on firewall accepts stock hood lacing. Fits original steel bodies, use on fiberglass bodies is dependent on how accurate front lip detail is (requires removal of fiberglass for Wescott bodies, not recommended if firewall is in good condition.)

B-35000-R	Recessed, w/lacing lip, steel	650.00	ea
B-35000-S	Stock style, w/ lacing lip, steel	1000.00	ea
